Carter –

Thanks. Your draft looks really familiar – I could have sworn I already edited this draft, but I can't immediately put my hands on the edited version, so I've edited it again. See attached. Let's go with this.

-Kathy

No problem. Attached is my draft language. This is based upon language previously approved for the Red Folders a while back as well as what we've been sending electronically. I'm happy to revise as needed. I will go ahead and get copies/envelopes made Monday as soon as I have your approval on the language.

Thanks.

- Carter

Abi called to tell me that the Administrator's office has declined to de-control the Rosemont letters. We need to finalize our standard response and start sending it out ASAP, and provide a copy to OEX. Please make this your top priority on Monday.

Thanks –

-Kathy

Hi, Abi –

Here's what I sent to OEX shortly before the shutdown. We'll be happy to share our standard hardcopy reply with you and OEX once we have finalized it. As you and I discussed, we do not have the resources to provide an individually tailored response to each letter, so we're compiling the letters that we have been receiving (which are coming in to various people throughout the Agency), and will send a standard reply that responds to the common themes expressed in the incoming letters.

Hi Kathy,

OEX wants a copy of a response that we send citizens for their Rosemont letters. Do you have one that we can email to OEX? My understanding is that we are holding off in sending letters until a decision is made, and we refer citizens to our draft EIS comment?

Thanks,

Nelly

Frances,

Please email me a example of what your region is sending each citizen for this issue.

Brenda
